

3 WAYS TO PROTECT YOUR HARDWOOD FLOORS FROM SCRATCHES

RUGS

With just a little pressure from walking, a sharp rock embedded in a shoe leaves a noticeable mark.

OUR TRICK: PUT TWO RUGS AT EVERY DOOR - ONE OUTSIDE THE DOOR AND ONE INSIDE

FELT FURNITURE PADS

Chairs, bar stools, coffee tables - people often drag furniture, leaving scratches and wear patterns on the floor. Even big stationary pieces like couches cause wear over time.

WOOD FLOOR-SAFE WHEELS

Most office chairs come with plastic wheels that can scuff and scratch a wood floor very quickly!
